

The German Snooker Tour is a tournament series open to all players (incl. pros).

Last season more than 120 tournaments have been played all over Germany with more than 2.700 entries, over 480 different players and more than 67.000 Euro prize money.

From all tournaments, a small part from each entry fee received goes towards a jackpot for the finals event. The rest of the entry fee goes towards prize money for the tournament.

Depending on the level of the tournament and the number of entries, you will be awarded ranking points.

To have a chance to qualify for the finals you have to pay a one-off season fee of 10 Euros up front.

Last season, the final had a jackpot fund of more than 9.700 Euros and 3.000 Euros in extra prizes (tickets, gift vouchers, etc.) and will be played with the top 64 of the ranking list, in the form of a best-of-7 straight knockout. There is a plate round for first round losers and a raffle for some of the extra prizes.

All information is available on the website and registration to the tournaments can also be done there.
